Theme and aims of the session

The 2027 MEP BSR session in Poland will focus on Europe's shared future, democratic resilience, solidarity, youth participation and the challenges created by disinformation, AI-generated content and polarisation. The session will also include the perspective of young people from Ukraine as an EU candidate country, within a broader European discussion rather than as a separate thematic track.

The session aims to:

- strengthen youth participation and democratic engagement;
- develop democratic and information resilience;
- strengthen solidarity and dialogue on Europe's shared future;
- connect the MEP experience with direct dialogue with real decision-makers.
